Athletic Fee Information

I understand that participating in certain activities within the Norwood Public School System often requires a fee to be paid by the users; interscholastic athletics at Norwood High School is one of these activities. The fee must be paid before the student-athlete receives a uniform to participate in interscholastic athletic contests.

User fee is \$200 per season with a family cap of \$800 for the school year.

NEW: Pay your fee online! Please use UniPay if possible. UniPay Online Payment

If you are unable to use UniPay, you may send a check for the athletics fee with the student's name and sport on the memo line. Make checks out to The Town of Norwood (checks are deposited upon receipt).

Mail check to: Norwood High School, 245 Nichols Street Norwood MA, 02062 Attn: Athletics OR drop it off at the Norwood High School Athletics office It is the goal of the Athletic Department to include all students in the Athletic Program regardless of their financial situation. No student athlete will be denied the opportunity to participate due to financial hardship. Any student-athlete or parent(s) with concerns regarding the fee for athletic participation should contact the Athletic Director at 781-352-3529 or jlongley@norwood.k12.ma.us.

Read through the Medical Consent, Recent Physical, & Athletics Handbook Information.

• Submit your child's most recent physical SEPARATELY

Medical Consent

Participation in athletics carries with it the risk of injury, which in some circumstances can be serious. Norwood High School will not be responsible for injuries sustained during practice, athletic contests, or traveling to and from school, practice or athletic facilities. I am aware that the Norwood High School Athletic Department has a licensed/certified athletic trainer (Gillian Richard, LATC) on staff. In the event an athletic injury should occur, I give permission for my son/daughter to be evaluated and receive any follow up care necessary to facilitate a safe return to participation. In the event that I cannot be reached during a medical emergency, I authorize my son/daughter to receive medical attention from a licensed physician.

Recent Physical

I understand that in order to participate in athletics at Norwood High School my son/daughter must obtain a medical examination clearing them to participate. Each examination is valid for 13 months after it has been administered.

A copy of the exam must be turned in to the Athletic Department and will be kept on record in the School Nurse's Office.

Athletics Handbook

I have reviewed the Norwood High School Athletic Handbook found online at: NHS Athletic Handbook. I realize I am responsible to abide by the rules set forth in this handbook along with rules of the Massachusetts Interscholastic Athletic Association (MIIA) and the Norwood High Student Handbook.

Head Injury/Concussion

State Law Regarding Concussions: This law requires that public schools, and in addition, any other school subject to the Massachusetts Interscholastic Athletic Association (MIAA) rules make sure that student athletes and their parents, coaches, athletic directors, school nurses and physicians and others learn about the consequences of head injuries and concussions through training programs and written materials. The law requires that athletes and their parents inform their coaches about prior head injuries at the beginning of the season. If a student athlete becomes unconscious or suffers a known or suspected concussion during a game or practice, the law mandates removing the student from play or practice, and requires written certification from a licensed medical practitioner for "return to play". The law also prohibits coaches, trainers and others from encouraging or permitting a student athlete to use sports equipment as a weapon or to engage in sports techniques that unreasonably endanger the health and safety of him/herself or other players, such as helmet to helmet hits. In order to participate in the interscholastic athletic program: All athletes and parents must take and pass an online concussion course at: NFHS Concussion Course

| Implicit Bias | | |
|--|--|--|
| Implicit biases are the automatic reactions we have toward other people based on our past learning and expectations. Studies show that Implicit Bias affects the experiences of students in school athletic and activity programs. The NFHS has partnered with Project Implicit to bring you this course, Implicit Bias. Studies support that there is a relationship between implicit bias and real-world behavior, which highlights the importance of being aware of and managing your bias. This course defines and illustrates examples of Implicit Bias and provides research on how it impacts our society. In order to participate in the interscholastic athletic program: All athletes must take and pass an online implicit bias course at: NFHS Implicit Bias Course | | |
